Local Government Finance Circular No 1/2021

Chief Executives and Directors of Finance of
Scottish Local Authorities

Chief Executive, Convention of Scottish Local
Authorities (COSLA)

Our ref: A31631414
1 February 2021

Dear Chief Executive/Director of Finance

1. LOCAL GOVERNMENT FINANCE SETTLEMENT 2021-22 **2. NON-DOMESTIC RATES**

1. This Local Government Finance Circular provides details of the provisional total revenue and capital funding allocations for 2021-22, as well as the latest information on current known redeterminations for 2020-21. This Circular also provides details on a range of Non-Domestic Rates measures, including the proposed 2021-22 poundage and changes to certain reliefs.
2. The provisional total funding allocations form the basis for the annual consultation between the Scottish Government and COSLA ahead of the Local Government Finance (Scotland) Order 2021 being presented to the Scottish Parliament, which is currently scheduled for 10 March 2021.
3. We expect local authorities to inform COSLA, and for COSLA in turn to inform the Scottish Government by no later than 12 February 2021, if they think there are any discrepancies or changes required to these provisional allocations. Redistribution(s) to address any agreed discrepancies or changes will be undertaken within the total settlement allocations set out in this Circular and not through the provision of any additional resources by the Scottish Government. The allocations are therefore only provisional at this stage, with the final allocations not being confirmed until after the end of the consultation period and the publication of the Local Government Finance Circular which will follow the approval of the Local Government Finance (Scotland) Order 2021.
4. The Cabinet Secretary for Finance wrote to the COSLA President, copied to all Council Leaders on 28 January 2021, confirming the package of measures that make up the settlement to be provided to local government in return for the provisional funding allocations set out in this Circular. This Circular should be read in conjunction with that letter. The terms of this settlement have been negotiated through COSLA on behalf of all 32 of its member councils.

5. The Scottish Government will work in partnership with local government to implement the budget and the joint priorities in return for the full funding package worth £11.6 billion and includes;
- £59 million revenue to support the final tranche of increased funding for the expansion in funded Early Learning and Childcare (ELC) entitlement to 1,140 hours;
 - £90 million to compensate councils who choose to freeze council tax levels;
 - In addition to the £100 million available in 2020-21, a further £72.6 million to be transferred from the health portfolio to the Local Authorities in-year for investment in health and social care and mental health services that are delegated to Integration Authorities under the Public Bodies (Joint Working) (Scotland) Act 2014. This brings the total transferred from the health portfolio to support health and social care integration to £883.6 million in 2021-22. The additional £72.6 million for local government comprises a contribution to continued delivery of the real Living Wage (£34 million), uprating of free personal and nursing care payments (£10.1 million), implementation of the Carers Act in line with the Financial Memorandum of the Carers Bill (£28.5 million);
 - The ongoing £88 million to maintain the pupil:teacher ratio nationally and secure places for all probationers who require one under the teacher induction scheme;
 - Continued provision in support of Teachers Pay (£156 million) and Pensions (£97 million);
 - An additional £7.7 million support for inter-island ferries bringing the total to £19.2 million
 - £5.3 million for Barclay implementation costs; and
 - £10 million additional capital funding for Flood Risk schemes.
6. In addition to the funding set out in this Circular it should be noted that there are a number of further revenue and capital funding streams outwith the local government finance settlement for particular policy initiatives which benefit local government services. Table 5.15 in the Scottish Government's "Budget Document: 2021-22", which was published on 28 January 2021, provides further details of these funding streams.
7. The allocations have been arrived at using the standard agreed needs-based distribution methodology and updated indicators. We will share a separate note providing a full reconciliation of the changes between the 2020-21 and 2021-22 Budgets and between the 2021-22 Budget and the figures in this Circular. We will also provide full details of all the general revenue allocations.

Part A: Local Government Finance Settlement - Revenue: 2021-22 and changes in 2020-21

9. This Finance Circular sets out the provisional distribution of revenue funding allocations for 2021-22. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2020-22.
10. **Annexes B** and **C** set out the distribution of the total revenue funding allocation between councils and the allocation of the different elements (General Revenue Funding, Non-Domestic Rate Income and Ring-Fenced Revenue Grants) for each council for 2021-22 and 2020-21. The basis behind the grant distribution methodology is as recommended in the report from the Settlement and Distribution Group (SDG) and as agreed by COSLA Leaders and Scottish Ministers. The explanatory notes contained in **Annex D** explain the basis behind the calculation of the individual council grant allocations.
11. **Annex E** gives a breakdown of the provisional individual council shares of all the ring-fenced revenue grant allocations for 2021-22.
12. The calculation and effects of the main floor adjustment for 2021-22, which provided councils with a minimum increase in the funding used in the calculation of the main floor of 1.73%, is set out in **Annex F** of this Circular. The setting of the floor is in line with the revised arrangements agreed following the SDG review of the floor methodology during 2019.
13. This Circular confirms the continuation of the **85% funding floor** for 2021-22. The methodology compares total revenue funding plus local authorities estimated council tax income and any council whose total support under this method falls below 85% will be topped up to ensure that all councils receive 85% of the Scottish average total revenue support per head.
14. This Local Government Finance Circular provides details of current known 2020-21 redeterminations at **Annex G** for the General Revenue Grant, both core settlement and COVID-19 related. It should be noted that only the core settlement additions have been included in the revised 2020-21 settlement set out in Annex A. The COVID-19 related additional funding is a constantly changing position however the redetermination allocations for 2020-21 as at the end of February will be included in the Local Government Finance (Scotland) Order 2021. The distribution of the additional COVID-19 consequentials of £200 million for the lost income scheme in 2020-21 and £259 million for 2021-22 for general ongoing pandemic pressures will be included in the Local Government Finance (Scotland) Order 2021 and the accompanying Local Government Finance Circular once they have been agreed with COSLA.
15. **Annex H** summarises the column within the settlement titled 2008-22 Changes Column.

Part B: Local Government Finance Settlement – Capital Grants 2021-22

16. In 2021-22 the Local Government Settlement provides capital grants totalling £617 million. This is made up of General Capital Grant totalling £478 million and Specific Grants totalling £139 million.
17. **Annex I** sets out the provisional distribution of the Settlement for capital per local authority for 2021-22. Capital grants which remain undistributed are identified as such. The methodologies used to calculate these provisional allocations have been agreed with COSLA.
18. The provisional distribution for the General Capital Grant includes allocations for flood schemes. The allocations for these schemes is set out in **Annex J**. Where schemes have slipped and the grant paid in a prior year exceeds the grant due the scheme will show a negative value which will reduce the total General Capital Grant payable to that Council.
19. **Annex K** summarises the Local Government Finance Settlement for 2021-22.

Part C: Non-Domestic Rates for 2021-22

20. The Distributable Amount of Non-Domestic Rates Income for 2021-22 has been provisionally set at £2,631 million. This figure uses the latest forecast of net income from non-domestic rates in 2021-22 and also draws on council estimates of the amounts they will contribute to the Non-Domestic Rating Account (the 'Pool') in 2020-21. The figure incorporates the Scottish Fiscal Commission's estimate of the contributable amount and includes a calculation of gross income; expected losses from appeals; estimated expenditure on mandatory and other reliefs; write-offs and provision of bad debt together; and estimated changes due to prior year adjustments. The distribution of Non-Domestic Rates Income for 2021-22 has been based on the amount each Council estimates it will collect (based on the 2020-21 mid-year estimates provided by councils). General Revenue Grant provides the guaranteed balance of funding. This method of allocation provides a clear presentation of the Non-Domestic Rates Income per council and transparency in the make-up of council funding.
21. The 2021-22 Non-Domestic Basic Property Rate ('poundage') is provisionally set at 49 pence, which will deliver the lowest poundage rate anywhere in the UK. Two additional rates are levied on properties with a rateable value over £51,000 (50.3 pence) and £95,000 (51.6 pence) respectively.
22. The Scottish Budget 2021-22 also introduces the following policies:
 - The rateable value upper threshold in order to qualify for Fresh Start Relief will be increased from £65,000 to £95,000 to match the Higher Property Rate threshold. This relief encourages the re-use of empty property by offering 100% relief for up to twelve months to properties that have been empty for six months or more;
 - 100% relief for at least three months for properties in the retail, hospitality, leisure (RHL) and aviation sectors. This will be application-based in order to ensure that this support goes only to those who require it.
 - Business Growth Accelerator (BGA) relief will be expanded to property improvements where there has been a concurrent change of use to incentivise the re-use of existing assets. This component of BGA ensures that any increases in NDR due to improvements to or the expansion of existing properties will not take effect until 12 months after those changes are made to the property;
 - 100% BGA relief in relation to unoccupied new-builds, which is currently available until 12 months after the property is first occupied regardless of how long it is unoccupied, will continue to be available for up to three years on those properties from the point at which it is first received;

- 100% Day Nursery Relief for all standalone nurseries in the public, private and charitable sectors will be extended to 30 June 2023;
- The current 60% hydro relief, in order to provide investor certainty and respond to the findings of the Tretton Review of Small Scale Hydro Plant and Machinery will be time-limited to 31 March 2032 as will the 50% District heating Relief; and
- Where district heating networks are powered by renewables, as part of the Heat in Building Strategy, the District Heating Relief will be expanded to offer 90% relief instead of 50% for new District Heating networks. This will be available to 31 March 2024.

23. The Scottish Budget 2021-22 maintains the following reliefs which are set annually:

- Small Business Bonus Scheme relief, which has lifted over 117,000 properties out of rates altogether as at 1 July 2020; and
- Transitional Relief, which caps annual rates bill increases at 12.5% in real terms for Aberdeen City and Aberdeenshire offices and for all but the very largest hospitality properties across Scotland.

24. The following reliefs will also be maintained: charitable rates relief, disabled rates relief, empty property relief, Enterprise Areas relief, hardship relief, mobile masts relief, new fibre relief, renewable energy relief, reverse vending machine relief, rural relief, sports club relief and stud farms relief. Discretionary sports club relief will be subject to statutory guidance, subject to parliament, from 1 April 2021, to ensure that it supports affordable community-based facilities, as recommended by the independent Barclay Review of non-domestic rates.

25. The Barclay Review recommended that: “To counter a known avoidance tactic for second homes, owners or occupiers of self-catering properties must prove an intention let for 140 days in the year and evidence of actual letting for 70 days.” Due to COVID-19 however, the implementation of this policy has been delayed to 1 April 2022 at which point 70 days of letting will have to be evidenced in the previous financial year (i.e. the first year this will apply will be 2021-22). Councils will have discretion in the event of exceptional and unforeseen circumstances to vary this number of days.

26. NDR reliefs, like other subsidy or support measures, may be subject to the conditions set out in the EU-UK Trade and Cooperation Agreement, which in certain cases limits sectoral public subsidisation to 325,000 Special Drawing Rights (equivalent to approximately £350,000) over any period of three fiscal years. This will apply to the reliefs that would previously have been covered by the EU State aid *de minimis* rules. RHL relief is provisionally being awarded as ‘no aid’ although this, and the position in relation to the Aviation relief, will be confirmed following the conclusion of the UK Budget. The final policy design will take into account the UK Government’s own position on any RHL relief and related Barnett consequential payments accruing to the Scottish Government.

27. Councils may also offer their own local reliefs under the Community Empowerment (Scotland) Act 2015.

28. Details on the Business Rates Incentivisation Scheme (BRIS) will be confirmed shortly.

The explanation of each of the columns within the tables at Annex B is as follows:

Column 1 – represents the updated on-going service provision and includes the following combined information: (i) the updated Grant Aided Expenditure (GAE) assessments; (ii) the revised Special Islands Needs Allowance (SINA); (iii) each council's individual share of the on-going revenue grants which have been rolled up into the core local government finance settlement; (iv) each council's share of all the baselined redeterminations since Spending Review 2007; and the previous loan charge adjustment.

Column 2 – is the new combined total, non-ring-fenced, changes in general provision resulting from Spending Reviews 2007, 2010, 2011, 2013, 2015 and budget revisions for 2016 - 2021 allocated pro-rata to each council's share of GAE plus SINA.

Column 3 – represents the updated share of the loan charges support for outstanding debt and the same level of on-going PPP level playing field support. The methodology for calculating Loan Charge Support (LCS) and support for Public Private Partnership (PPP) projects (level playing field projects only (LPFS) is set out on Annex H of Finance Circular 2/2011.

Column 4 – is the main floor adjustment which has been calculated using the revised methodology agreed following the 2018 review.

Column 5 – this is the net revenue expenditure recognised by the Scottish Government and represents the sum of columns 1 to 4.

Column 6 – is the assumption of the amount of Total Estimated Expenditure to be funded from the council tax. Any changes are as a result of buoyancy or projected numbers of properties, as well as the estimated additional council tax income to be collected and retained by each local authority as a result of the changes to bands E to H.

Column 7 – is each council's estimated share of the on-going Ring-Fenced Grants for Gaelic, Pupil Equity Fund, Criminal Justice Social Work, Early Learning and Childcare, and Inter-Island Ferries.

Column 8 – is each council's share of the estimated non-domestic rate income which has been distributed proportionately on the basis of council's 2020-21 mid-year income.

Column 9 – is the balance of funding provided by means of general revenue funding and is calculated by deducting columns 6, 7 and 8 from the Total Estimated Expenditure in column 5.

Column 10 – represents the total revenue funding available to each council in 2021-22.

Column 11 – is the 85% floor adjustment which has been calculated to meet the Scottish Government's commitment to ensure that no Local Authority receives less than 85% of the Scottish average per head in terms of revenue support.

Columns 12 – is the funding available to compensate councils who choose to freeze their council tax at 2020-21 levels.

Column 13 - is the revised total funding including all the changes and the 85% funding floor adjustments.
